

Plan and cook meals for a given week

User Story:
As a frequent grocery shopper and home cook,
I want to organize my kitchen inventory
so that I can spend less time and energy planning meals,
but I have trouble keeping track of what I have on my own.

S1.1 Review items that are already in your inventory for accuracy

S1.2 Remove items that have been disposed of or did not update properly

S1.3 Add any items that were purchased outside of the use of the app

S1.4 Confirm the additions and removals on a confirmation screen
